

GENESIS II - The Destruction of Sodom

June 30, 2024

Genesis 18:16-19:38

Dr. Stephen Burrell

Sodom represents sin in Scripture.

What starts off as shocking will eventually become common if we immerse ourselves in it.

If the opinion of others must be maintained, you'll sacrifice everything for your image.

Sin doesn't care about you, only satisfying its appetite more.

If it's not important to you, it will be a joke to your kids.

The life of sinfulness must be given up by choice – it cannot be compelled out of a person's heart.

God always punishes sin.

A life of sin makes the beautiful grotesque.

What starts out small (Lot set his face toward Sodom), often becomes a life-altering departure from the good.
