

Love **GROW** Go

Sermon Discussion Questions

What stood out to you in the sermon?

What questions do you still have?

What do you feel like your next step is after listening to and praying through the discipleship pathways?

Do you feel that you are a self-feeding Christian?

What part of the Paul and Timothy cycle do you feel you are at (Paul looking for a Timothy, Paul pouring into Timothy, Timothy being launched in ministry by Paul, Timothy is now a Paul and looking to disciple others)? Why?

Read Ephesians 4:11-16:

- Do you feel that you are a part of the work of ministry?
- Are you confident in your identity as a child of God or do you still look elsewhere to define yourself?
- What are areas of focus, outside of God, that can toss believers around rather than being rooted in truth?
- What are things that trip you up and get you distracted from your relationship with God being your number one priority?

How is your Lifegroup working towards going to help others outside this group grow?
