Our goal for you as a church is to help you become a maturing Christian who pursues God from a thankful heart, and who practices Christian disciplines while loving and serving others.

We expect spiritual growth.

As a believer, you are meant to find comfort in Him & His plan for you, not your own.

Part of every disciple's journey is to impart how they have learned to walk with God to someone else.

A disciple's journey is not a race or a measuring stick to see who is the better Christian, but rather focus on the Spirit of God and the Word of God guiding you, in His timing.
