

GENESIS II - EXCUSING BEHAVIOR

July 7,2024

Text: Genesis 20:1-18 Dr. Stephen Burrell

God can handle difficult circumstances.

Abraham's failure to trust God is now adversely impacting the people around him.

We do not get to pick who is impacted by our failure to take God at his word.

The moral high ground - Explaining away actions while actually blaming the other person for our actions.

Leaders teach lessons – some good and some bad.

The next generation is watching you and learning how to handle the complex situation of life.
